

INTERNATIONAL CONFERENCE ON FUTURE DIAGNOSTIC, THERAPEUTIC AND THERANOSTICS MODALITIES

This conference aims to bring together basic scientists, applied researchers and clinical development experts who are working on various aspects of diagnostic, therapeutic and theranostic. It has now become a need of the time to update and upgrade the current tools and techniques for the improvement of life. Disease state is one the conditions which makes life difficult at any stage of the age. Therefore, it is a time to think sensibly about precise diagnosis followed by its treatment. A huge amount of information is available on diagnosis of different microbial infections, cancer and other ailments which may be discussed on single platform to exchange the knowledge in order to their proper implementation. Researches have already been performed to identify various disease targets in order to design potential drug candidates as therapeutic approaches. Moreover, nanotechnology and photodynamic therapy has open new prospects to explore therapeutics and theranostics. This is a time to focus on precision and personalized medicine. Therefore, a precise target needs to be explored for targeted therapy and hence theranostic could be the solution which may provide an in-depth overview of the current state of the art and future directions in the management of various cancer treatments.

The lectures and discussions will be at an advanced level on cutting edge technologies in clinical and basic science. Hence, the meeting will be particularly advantageous to clinicians and basic scientist who are already engaged in the diagnosis and therapeutic approaches for various diseases.

Registration Fee:

Internal Faculty:	Rs. 3,000.00
Internal Students	Rs. 1000.00
Faculty Outside:	Rs. 4,000.00
Students outside	Rs. 2,000.00
Foreign Faculty	US\$ 500.00
Foreign Students	US\$ 250,00

INTERNATIONAL CONFERENCE ON FUTURE DIAGNOSTIC, THERAPEUTIC AND THERANOSTICS MODALITIES

DECEMBER 29-31, 2018

Patron:

Prof. Tariq Mansoor

Vice-Chancellor, AMU, Aligarh

Co-Patron:

Prof. Mohammad Hanif Beg

Pro-Vice-Chancellor, AMU, Aligarh

Prof. Qayyum Husain

Dean, Faculty of Life Sciences

Convener:

Prof. Asad Ullah Khan

Coordinator, Interdisciplinary Biotechnology Unit

International Advisory Committee

Prof. Andrey ROGACH, Hongkong

Prof. Michael Hampsey, USA

Prof. Jean Marc Rolain, France

Prof. Raffaele Zarrilli, Italy

Prof. Mariagrazia Perilli, Italy

Prof Dr. Robin Patel, USA

Prof Esparenza C Carbera, Philippines.

Prof. Niyaz Ahmad, Bangladesh

Prof. Robert A. Bonomo, USA

Dr. Shahid Husain USA

Prof. Ajay Pratap Singh, USA

Dr. Salman Muzammil, USA

Dr. Lokesh Agarwal, USA

Dr Manuela Canic, Portugal

Dr. Guo-Bao Tian, Guangh

Dr. Imran Sabri, KSA

Phone : 0571-2720388 FAX : 0571-2721776

INTERNATIONAL CONFERENCE ON FUTURE DIAGNOSTIC, THERAPEUTIC AND THERANOSTICS MODALITIES

DECEMBER 29-31, 2018

Abstract Submission date: October 15, 2018

Registration Last Date : October 31, 2018

INTERDISCIPLINARY BIOTECHNOLOGY UNIT
ALIGARH MUSLIM UNIVERSITY
ALIGARH-202002

Registration on: www.icibu.in
Abstract on: btisamu@gmail.com

Aligarh Muslim University (AMU) is a residential academic institution located in the city of Aligarh. Aligarh is situated at a distance of 130 km, South-East of Delhi on the Delhi-Kolkata Railway and Grand Trunk Road. Established in 1875 by Sir Syed Ahmed Khan as Mohammaden Anglo Oriental College (MAO), it was granted the status of a Central University by an Act of the Indian Parliament in 1920. Modeled on the University of Cambridge, it was among the first institutions of higher learning set up during the British Raj. The University has a campus spread over 467.6 hectares of land.

AMU is a premier Central University that draws students from all corners of the world, especially Africa, West Asia and South East Asia. The University is open to all students irrespective of caste, creed, religion or gender.

AMU occupies an exalted position among Indian Universities and its contribution to nation building is in no way inferior to the best. AMU has more than 30,000 students on its rolls., about 1,400 teachers and 6,000 non-teaching staff. There are 13 Faculties comprising a wide spectrum of academic disciplines (107 departments, 7 colleges, 2 Polytechnics, 10 Schools, 3 AMU Centres,) and 18 Halls of residence with 73 hostels. The University currently offers 325 courses.

The Interdisciplinary Biotechnology Unit (IBU) owes its origin to the foresight and enthusiasm of the then Vice-Chancellor Mr. Saiyid Hamid and Pro-Vice-Chancellor, Mr. K.M. Bahauddin for establishing a center for excellence in teaching and research in modern biological sciences and biotechnology. Prof. A. Salahuddin, then professor of Biochemistry and a protein chemist of repute was assigned the task of establishing the center and initiating a Master's programme in Enzyme and Fermentation Biotechnology in the year 1984. The IBU was established by an ordinance that came into effect in 1987 and Prof. Salahuddin was made the founder coordinator. The Master's programme was redesignated as M.Sc. Biotechnology. Nobel laureate Professor Abus-Salam laid the foundation stone of the IBU building on January 15, 1986 and the building occupied in the year 1988. Thanks to the generous grants provided by UGC and DBT to strengthen the research laboratories in the Unit. Since the year 1990 the Department of Biotechnology (DBT), Government of India, generously supports the M.Sc. Biotechnology teaching programme.

The IBU is headed by the coordinator and has a core faculty of three Professors and two Associate Professors. Considering the interdisciplinary nature of the programme, teachers from the faculty of Engineering, Law and Business Administration are also involved in the teaching.

Admissions to the M.Sc. Biotechnology course are made through an All India Entrance Test conducted by the University. The programme includes in addition to courses in various discipline of modern biology, biotechnology and lab courses, project work and seminars lectures. The Unit currently receives research funding from various agencies including DBT, DST, CSIR, UGC ICMR and UPCST. Since the year 2001, the Unit has been recognized by the Department of Science and Technology under its FIST programme and the programme is in the second phase. The Unit has research funds under the DST-PURSE given worth of Rs. 2.5 crores. Recently the Unit has initiated and coordinated DBT BUILDER programme worth Rs. 10.00 crores. Currently there are 29 research scholars working in the Unit for their Ph.D. degrees. Drug Resistance, Drug Targeting, Vaccine, Protein Folding, Drug Designing, and Enzymology are the thrust areas of research in IBU.

National Advisory Committee:

Prof. T P Singh, AIIMS, New Delhi
Prof. S E Hasnain, JH, New Delhi
Prof. Gangadeep Kang, THSTI, , Faridabad
Prof. Shekhar C. Mande, NCCS, Pune.
Prof. Manju Bansal, IISc, Bangalore..
Prof. M.R.N. Murthy, IISc., Bangalore
Prof. Akhilesh K. Tyagi, Delhi Univ., New Delhi
Prof. Debi Sarkar, IISER Mohali,
Prof. Sudha Bhattacharya, JNU, New Delhi.
Prof. B. Jai Ram, IIT, New Delhi
Dr. Zakwan Ahmed, D.G. DRDO, New Delhi
Prof. Rajendra Prasad, Amity, Gurgaon.
Prof. Umesh Varshney, IISc, Bengaluru.
Prof. Anil Tripathi, CIMAP, Lucknow.
Prof. Faizan Ahmad, JMI, New Delhi.
Dr. G.P.S. Raghva, IIIT, New Delhi
Prof. Y D Sharma, AIIMS, New Delhi
Dr. Sanjeev K. Varshney, DST, New Delhi.
Prof. M Saleemuddin, AMU, Aligarh
Prof. Aalim Husain Naqvi, AMU, Aligarh

Local Organising Committee:

<i>PProf. Wasim Ahmad</i>	<i>Prof. Jamal A Khan</i>
<i>Prof. I Mahmood</i>	<i>Prof. Imrana Naseem</i>
<i>Prof. Riaz Mahmood,</i>	<i>Prof. Absar Ahmad</i>
<i>Prof. Pervez Q Rizvi</i>	<i>Prof. Mohd. Tabish</i>
<i>Prof. Asif Ali,</i>	<i>Prof. Khursheed Alam</i>
<i>Prof. Najmul Islam</i>	<i>Prof. Syed. Ziaur Rahman</i>
<i>Prof. Mohd. Shahid</i>	<i>Prof. Nafees A. Khan</i>
<i>Prof. S M A Abidi,</i>	<i>Prof. Mohammad Afzal</i>
<i>Prof. Qudsia Tahseen</i>	<i>Prof. S. Manazir Ali</i>
<i>Prof. Afjullah Khan</i>	<i>Dr. Waseem A Siddiqui</i>
<i>Dr. Anwar Shahzad</i>	<i>Dr. Hina Younus</i>
<i>Dr. Saif Khan</i>	<i>Dr. M. Wasi Khan</i>

Organising Secretaries:

Prof. Rizwan Hasan Khan
Prof. M. Owais
